

ADAMS, Jack

Born: circa 1929, England.

Hull based Jack had second half rides at his local track in the late 1940s but the club closed before he had the opportunity to break into the 'Angels' team. In 1951 he was selected to ride for the first post-war Wolverhampton side in Division Three but lost his place after just two matches that ended in heavy defeats for the Monmore Green club. Although he never rode in another league match, Jack was selected to ride for a ridiculously weak England 'C' side that took part in matches in Sweden in June of that year.
