

BRIDGES, Roy Alan

Born: September 8, 1947, Farningham, Kent, England.*

A Kent based grass track rider, Roy was mainly seen in second half racing at Canterbury in the early years of Second Division racing at the Kingsmead track. He was to make just two appearances for the 'Crusaders' in league racing and both were many miles away from his home circuit, meaning that only the most diehard of Canterbury fans ever saw him in league action. Roy's debut came at Belle Vue against the 'Colts' on August 20, 1969 and his only other outing was at Berwick ten days later. Although Roy soon retired from speedway, he did continue to appear on the grass for several years.
