

DANNER, Herbert Arthur (Bert)

Born: October 7, 1914, Stockport, Cheshire, England.*

Died: March 1997.

Bert rode in Stoke's first post-war league match in 1947 and remained in the team for the first six matches of the season. He recorded promising scores of five, paid seven and six, paid eight in matches at Sun Street, but was injured in June and was never able to hold down a regular team place again. In and out of the side thereafter, he made only infrequent appearances and spent most of his time in second half races at the Potteries track.
