

HARRISON, Bob

Born: England.

A junior rider at Bradford in 1946, Bob was one of a string of hopefuls used by the 'Boomerangs' as they looked to solve the scoring problems at the bottom end of the side. He was to ride just once for the club, picking up a point at home to West Ham on June 8. He also tried his luck with Division Two newcomers Wigan in 1947 but disappeared from the scene after a handful of second half outings at the Poolstock Stadium.
