

LAWRENCE, Walter (Wally)

Wally assisted Division One newcomers Harringay during their first post-war season when the 'Racers' struggled to put together a side in the early weeks of the campaign. The refusal of the Control Board to sanction the allocation of Danny Lee to Green Lanes saw Wally being plunged into action with only a couple of months experience at Rye House to call upon. He scored in both matches on successive nights against Belle Vue but lost his place when Lee was finally allowed to take up his position in the 'Racers' side and did not appear in league speedway again. He was also listed as Fred Lawrence in some publications.
