

MOLD, Peter

Peter was a member of the Eastbourne Training School in 1947 but, by the time he was ready for league action, the club had transferred their operations to Hastings. He made his debut for the 'Saxons' at Cradley Heath in April 1948 but then had to wait almost two months for his next outing. However, the wait was worthwhile and he spent the rest of the season in the side at the Pilot Field track and had a run in the main body of the team before the year was out. He looked set to continue his progress into the 1949 season but was surprisingly unable to hold down a team berth and made only seven appearances for the club that year.
