

WILLIAMS, Gerry

A popular leg trailer at Wombwell, Gerry had started to put together a run of decent scores in 1947 when he was struck down by injury at Station Road in August. Only weeks earlier he had been close to scoring his maiden paid maximum and it was hoped that he could pick up where he left off when the 1948 season began. However, Gerry struggled badly for points and lost his team place early in the campaign.
